STUDENT TOURS INTERNSHIP AVAILABLE

Seattle Theatre Group, operators of the Paramount and Moore Theatres, has developed an ongoing theatre tour internship program open to high school seniors. The objectives of the internship program are to instill a sense of historical significance of the Paramount and Moore Theatres, to create opportunities for peer-to-peer learning and to offer creative energy of youth to the theatres' existing student tour program.

As a community service this program will offer student interns an opportunity to:

- Research history of two important Seattle landmarks
- Acquire public speaking skills
- Lead tours of student groups

Interested candidates should have the following qualifications/characteristics:

- Interest in performing arts / architecture / theatre / history
- Ability to observe and participate in several weekday tours (flexibility of school schedule and/or ability to miss some school hours with teacher permission)
- Willingness to learn public speaking skills
- Positive, enthusiastic attitude
- Endorsement of a qualified educator (teacher, principal, etc...)

Internship is semester-long and the minimum time commitment 10 hours. At the discretion of the school/district, this program may serve as a credit for community service requirements. Successful participation in this program will qualify the student to receive two tickets to a performance of their choice at The Paramount Theatre, subject to availability and at the discretion of Seattle Theatre Group staff.

If interested please send name, age, school, phone, email and a brief statement of interest to studenttour@stgpresents.org.
